REGULATORY CHANGES: WHY OVERNIGHT FUNDS HAVE BECOME LUCRATIVE

The following regulatory changes have been implemented in debt categories during FY 2019-20:

Applicability	Change	Effective Date
Liquid	Graded exit load for investment of less than 7 days	19-Oct-2019
Liquid & Overnight	Cut-off time of purchase from 2.00 PM to 1.30 PM	19-Oct-2019
All Debt categories	MTM of instruments more than 30 days (although MFAC has recommended that all instruments are to be valued at mark to market w.e.f. 01-Apr-2020)	21-Jun-2019

Considering the above regulatory changes, the overnight category is more lucrative for short term parking of funds due to the following reasons:

- No exit load
- No MTM as instruments in the overnight funds have a residual maturity of 1 day
